HALL TOASTMASTER

Business Session To Be Held at Afternoon Gathering

The Panhandle-Plains Historical Society meeting April 12 promises to be one of the largest in the fifteen-year history of the organization, according to Professor L. F. Sheffy, its secretary. From Oklahoma City to Tucumcari, from Dalhart to Fort Worth, from Spur to Higgins, have come reservations for the banquet by people representing nearly every town and county of the region. Reservations may continue until Thursday noon unless the space is exhausted, according to W. L. Vaughan, who is treasurer of the Society.

Jim Wright, one of the men identified with the T-Anchor ranch at its beginnings in the 80's and Mrs. Wright of Oklahoma City are coming to the meeting for the first time. From the University of Oklahoma will come Dr. Charles N. Gauld.

The Museum will be open all day Friday.

James C. Swift of Kansas City is to make the banquet address.

A new feature this year is a visiting hour which has been arranged from 5:00 to 7:30 in the spacious reception room at Cousins Hall. All who are going to attend any of the meetings of the day are invited to spend this time meeting their old friends whether they expect to attend the banquet which follows or not.

The day's program will begin at 10 a. m. with a meeting of the Board of Directors in the office of President J. A. Hill. The afternoon meeting will begin at 2:30 when the Society's business will be transacted, and Professor C. Stuart Johnston will tell of the Historical Society's research in the pre-history of the Panhandle. The banquet will begin promptly at 7:30 and Professor Sheffy states that the program will not be of great length. Judge R. Walker Hall of Amarillo will be the toastmaster.

Oil and Topping Authorized For Widening No. 9

The State Highway Department has authorized the section of widening through Canyon on Highway No. 9 be treated with oil and a coat of topping.

This work is progressing rapidly when relief men are available for the widening work. It is planned to run the widening through the city from the viaduct to the highway shed in the south part of town.

Federal Inspection of Company F Will Be Held Friday

Major George A. Corbin of Amarillo will make the federal inspection of Company F Friday night at 8:00 o'clock.

Captain W. E. Lockhart has been getting his men and equipment ready for this inspection during the past two weeks.

MOTHER OF MRS. J. M. CRAIG DIED YESTERDAY

Mr. and Mrs. J. M. Craig have been in Greenville at the bedside of Mrs. Craig's mother, Mrs. Ross, who has been seriously ill for several months. Mrs. Ross died yesterday morning.

Mr. and Mrs. Ross Craig and Mr. and Mrs. Alfred Bellah left yesterday to attend the funeral.

Approve Work on Palo Duro Park

Regents to Sign Bonds on Cousins Hall Addition

Dr. J. A. Hill will meet with the Board of Regents in Austin Monday where the bonds for the addition to Cousins Hall will be signed. This addition will practically double the room facilities of the Hall. No information has been received from Washington as to the time bids will be called for letting the contract for this work, but it will be in the near future.

Dr. Hill has received notice that the money for the men's dormitory has been transferred by PWA to the Federal Reserve Bank and will be available as soon as the PWA office in Washington approves the contract. This contract was let on March 12th to J. B. Maxey of Lubbock, and was approved by the Fort Worth office the following week. PWA has a rule that work cannot be started on these projects in less than five weeks. This period will end next Tuesday, and it is hoped that approval will be received by that time.

The only word received on the other projects for W. T. was to the fact that approval of the athletic field improvements had been held up until the relief-work bill had been passed by congress and approved by the President.

Advertising Brings Visitors to Palo Duro State Park

Dallas stands fifth and Chicago seventh in the number of visitors who have visited the Palo Duro since an account has been kept of those who come to visit the park, states J. B. Elliston. Visitors from Dallas invariably state they saw the display at the State Fair and wanted to see more of the Park, while visitors from Chicago say they saw the pictures placed on display by Fred A. Emory in that city.

From the middle of January to March 31st, cars from 22 states, representing 72 towns have visited the Park. Oklahoma lead, with Illinois second; Kansas third; New Mexico fourth; other states being Missouri, Colorado, Minnesota, Wisconsin, Nebraska, Iowa, Ohio, New York, Oregon, Alabama, Michigan, California, Pennsylvania, Louisiana, Tennessee, Kentucky, New Jersey.

During this same period cars have come from 64 towns of Texas.

Last week 224 cars were registered at the Park, representing 39 towns of Texas, 15 outside states and one foreign country, Germany.

Another Week of Dust Storms Over The Panhandle

The Panhandle has been subjected to another series of blasting dust storms throughout the past week, ending a period of seven weeks of almost constant dust.

After pretty weather the first of last week, dust prevailed again Thursday, Friday and Saturday, followed by very nice weather Sunday. Monday made up for the slight wind of Sunday, while Tuesday was practically as bad a day as the Panhandle has ever endured. Yesterday morning the wind started again, but subsided after a few hours' of blow.

The most severe all night blow of the year hit Canyon yesterday afternoon about 5:00 o'clock from the north, continuing throughout the night. The temperature dropped to 38 degrees above zero. No relief is promised for today, except that the wind may not blow quite as hard as yesterday.

Henry Bradford returned Sunday from Mineral Wells where he has been for two weeks.

Harold Shanklin underwent a mastoid operation yesterday.

Major Kingsley Presents Request to Colp on Park

15 MORE CABINS

Companies Will Be Increased to 240 Men at Once

Tentative approval was given in Austin this week to the projects for the Palo Duro State Park for the next period. These projects were taken to the State Parks Board and National Parks Service by Major E. A. Kingsley, superintendent, and Francis Gott, inspector.

The major projects for the coming six months consists of intensive work on the lodge and the erection of 15 more cabins, five near the lodge and ten down in the canyon.

Major Kingsley states that D. E. Colp, chairman of the Parks Board, is highly pleased with the progress of work at the Palo Duro and hopes to make an official visit here in the near future. He will try to be here for the formal opening of the lodge next Monday night when the Palo Duro Post will hold the opening party, with a chicken barbecue and dance.

In addition to making various improvements on the road in the Park, gravel will be added for topping.

Four additional dams have been requested.

All work has been ended at the Palisades, and the men who have been used there are released for work at the Palo Duro.

In the new enrollment period, the CCC Companies will be increased to 240 men, with the hope that they will be held at 220 strength during the entire period. At the present time there are 275 men re-enrolled in the two companies, and new men will be received in the near future since the President has signed the appropriation bill continuing the work.

Mayor C. R. Burrow will leave tonight on a business trip to Austin.

Annual Banquet of Dairymen's Association Held Friday

The seventh annual banquet of the Randall County Dairymen's Association was held Friday night at the College Cafeteria with a capacity house gathering. All of the 250 tickets available had been sold before the time for the banquet.

The banquet was served under the direction of Coach Al Baggett and members of his athletic teams.

Following the banquet the guests were ushered to the auditorium where the three act comedy was presented, "No Men Admitted," with the following cast:

Anna Martin—Mrs. Albert Byars.
Cherry Martin, Anne's sister—Mrs. Ernest O'Donald.
Susan, housekeeper—Mrs. Bailey McCormick.
Olga, Swedish housemaid—Miss Gladys Stewart.
Miss Marjorie North, the invalid—Mrs. H. R. Fulton.

Miss Chloe Lanning, the poetess—Miss Mildred O'Donald.
Mrs. G. Thaddeus Upham, the grass widow—Mrs. L. T. Campbell.
Miss Bina Saddler, the detective—Mrs. John Haines.
Miss Lila Preston, the politician—Miss Bee Holland.
Place, The Martin Home, "Shady Rest," in the country.
Time, present.
Act 1—Living room of the Martin home. Summer time.
Act 2—Same place at the end of summer.
Act 3—Same scene. Time night of the day of Act 2.

Relief Money Is Received and Work Started for Week

A check from the Relief Commission at Austin was received Saturday and work was started Monday. The amount of money received will be sufficient to continue only through this week unless another check is received. Promise has been received for a sufficient amount to carry on the work thruout the month.

With the passage of the relief measures by congress, it is believed that a sufficient amount of money will be received in the future to carry on the highway project, and the work on the campus of W. T. without further interruptions.

Named on School Board

W. H. STROUD

J. H. LISLE

In spite of the fact that only two names were printed on the ballots and Saturday was a very disagreeable day, 277 citizens went to the polls to cast their ballots in the Canyon Independent School District election.

J. H. Lisle lead the ticket with 270 votes and W. H. Stroud received 223. Five names were written on, Joe Black receiving 59, and one each for A. W. Sternenberg, Levi Cole, G. G. Foster, and R. O. Allison.

Lisle and Stroud are present members of the board and their three year term starts May 1st.

To Level Graves Unless Objection Made By Owners

In order to carry out the uniformity of improvement at Dreamland Cemetery, all mounds at graves will be leveled by the Cemetery Association unless owners of the lots object to officers of the association.

A large number of those having lots on which members of their families are buried have abolished the mounds so that grass could grow over the graves, and better care could be taken of the lots. The association wishes to make the cemetery uniform, as is the case in many of the cemeteries over the country.

It is requested that those having objections shall take the matter up with any of the following members of the committee: Mrs. Andy Walsh, Mrs. Hud Prichard, Mrs. J. Madison Daugherty, Mrs. R. B. Davis.

Jimmie Gamewell returned Sunday from Los Angeles where he has spent several weeks.

Rehabilitation To Be Undertaken For Farmers on Relief

Rural rehabilitation is one of of the main objectives of the new federal relief-work program as set up by the bill passed by congress last week, and the preliminary survey has been made in Randall county leading to this work.

A meeting of Panhandle county relief administrators was held in Amarillo Friday attended by H. S. Strain, members of his staff and citizens interested in seeing the work started here. A district office will be opened in Amarillo owing to the drouth which has existed and which requires special attention for the Panhandle.

Mr. Strain called upon Chamber of Commerce officers, county and city officials to assist him Sunday afternoon in completing a questionnaire for Randall county which was sent to Austin where the Relief Commission will assemble facts for the state.

To take the farmers off the relief rolls and equip them on farms so that they can support themselves is the object of the rehabilitation program.

Summer School Bill Passed by Legislature to Governor

An agreement was reached Friday by the legislature on the bill for summer schools in the state colleges, and approved by both Houses Monday.

W. T. was granted $14,798 for this summer's session. This is an increase of $3,688 over the appropriation allowed by the legislature for last summer's session.

The bill has reached the Governor's office but he has not acted upon it.

Plans are under way for the session of W. T., and 6,000 catalogues are being mailed to students who are interested in the work here for the summer.

Saturday Crowd Good In Spite of High Wind

Another bad day came last Saturday, but in spite of the weather a large crowd gathered on the court house lawn during the afternoon for the regular weekly feature.

The business men of Canyon are hoping for another good Saturday when the citizens may come to town and enjoy the benefits of the day. Plans have been made to carry on the regular Saturday features through April and a hearty invitation has been extended to all citizens of the county to be present.

C. L. TANNER IS INJURED WHEN CAR IS WRECKED

Word comes that C. L. Tanner, formerly of Canyon, was badly injured last week near Houston in a car wreck. His knee cap was taken off, and he was badly cut in the face.

The family lived in Canyon until recently.

Mrs. N. E. McIntire returned from Longview Sunday where she has been visiting her daughter, Mrs. Pat Whittington.

Randall Has Good Record in Repayment Loans

Feed loans are now available for the farmers of Randall county, and applications have been received daily at the office of the Feed Loan Committee at the court house since Thursday afternoon when the blanks were received by Mrs. James Cole, who is in charge of this work. L. T. Miller of the Emergency Crop and Feed Loan office in Dallas brought the necessary information to the local committee for proceeding with the loans. Hundreds of farmers have received loans during the past few years, and it is understood that the repayment record of Randall county is very high for these loans.

In accordance with the Act of Congress authorizing the loans, and regulations issued by Governor W. I. Myers of the Farm Credit Administration, loans will be made only to farmers who are unable to obtain elsewhere seed, fertilizers, supplies, feed or the necessary credit to purchase such items. Loans will not be made to applicants who can obtain credit in the amount needed from any other source, including the production credit association.

Any farmer who has the necessary security should apply to the production credit association first. If the association is unable to make him a loan in the amount needed the farmer will receive a statement to that effect and will be considered eligible to apply for a loan from the emergency fund.

The regulations provide that the largest loan to one farmer this year is $500 and the minimum $10, but no loan may be made in an amount greater than is actually needed to cover the cash cost of purchasing seed, fertilizers, supplies, feed, etc. Loans will be made for the purpose of growing and harvesting crops, for summer fallowing, for purchasing feed for livestock; but not for the purpose of purchasing livestock or machin-

Soil Erosion Is Requested Drouth Section of U. S.

Upon suggestion of Congressman Marvin Jones of this district, congressmen and senators from Texas, Oklahoma, Colorado, Kansas, and the Dakotas have requested a special appropriation for the purpose of soil erosion work.

Secretary of Agriculture Wallace has approved the project which will be taken to the President.

Mr. Jones has suggested that $150,000,000 be necessary for this work.

In setting up the federal work projects several weeks ago from Randall county, the Planning Committee made the request for $100,000 for this work in Randall county. Since the President has approved the bill of congress it is thought that something definite will be given out in a few weeks in regard to the new work program.

Plainview Group Visited Here In Interest of Show

Seventy business men and members of the high school band visited Canyon Tuesday afternoon for 15 minutes advertising the 7th Annual Dairy Show to be held April 15-18.

A large number of Canyon business men greeted the visitors at the bandstand where the Plainview Band entertained with several numbers. Owing to the dust storm which was raging at the time no attempt was made to put on a program.

The President got to a very large extent the sort of relief bill he wished. It was unfortunate that the Senate wasted more than 70 days wrangling over the provisions of the bill which was finally passed largely to the President's liking. We suspect that the President left Washington to go fishing in order to keep from telling some of the Senators just what he thought of them, which would not look well in print. The largest appropriation bill in the history of the world is now in the hands of the President. The responsibility of its judicious expenditure is his. The opposition is now cussing him individually instead of cussing the brain trusters. The success of his campaign to abolish the depression will depend upon the loyalty of those whom he chooses to administer and to execute the program he has developed. If the President makes mistakes, or his lieutenants make continuous blunders, the name of Roosevelt will go down in history as another failure in the presidency; but with the success his friends believe he will make, Franklin Roosevelt is insured a place with the greatest of our presidents.

Taking the profits out of war sounds like a fair proposition, but is it? Profit is the steam that gives life to industry. We saw the abuse of the railroads during the war when the urge for service was taken away through government operation. Industry and industrial leaders who are awake have their organizations tuned up ready for service long before the nation is dragged into a war. If there is no incentive for profit, would the industrialists be as adequately prepared for service to their country as they have in the past? Most of the inventions on war machines come from the ranks of the industrialists, where thousands of dollars are spent in experiments. This is not an argument in favor of unholy profits resulting from war. No one believes that the citizens of a nation should be turned loose to graft upon the resources of a nation either during war time or peace time. But when we start on a program of curbing and abolishing, sometimes the people do violence to necessary things among our people.

Raymond Hamilton will soon be with those of his kind in the other world. Perhaps there he will be armed with all the pistols and machine guns that his heart desires, and allowed to shoot it out with Dillinger, Clyde Barrow and the other outlaws. If the devil hasn't thought of this, we pass it on as a good suggestion for a little merriment on some dull day in hell. That all these criminals are dumb, their acts clearly show. Some are clever to a certain extent, but on the whole, not many of them are past the childhood stage of intelligence. No man can buck every rule of society, and continually spit in the face of the majority without finally winding up in a hot spot. The criminal has one simple lesson to learn—crime never pays.

The Friona Star charged last week in a local election that 75 to 90 percent of the votes were cast "on the basis of prejudice rather than from a common sense and sound judgment stand point." If folks could only forget their prejudices when they go to the polls and support the best candidate for the job, what a change there would be in the type of office holders. High class and qualified citizens would not shrink from running for public office as they now do. Less graft and incompetency would exist in public life. More public officers are elected upon prejudice than upon merit, much to the discredit of our modern election system.

Congressman Gassaway of Oklahoma is not so crazy after all; he is simply frank. If there is any merit in the government distributing wealth of $200 per month, or $5,000 per individual, why not just make it a hundred million to each individual? Up to the present time the money of the United States stands pretty well among its people and among the nations. To go on a spree of printing money would lower its value so fast that it would wreck its value, leaving those with a pocket full of that kind of money as bad off as they are now with only a little money.

People of the Panhandle would welcome a genuine flood of rain; while the people of the Mississippi valley are crying for dry weather, as their lands are swept by floods. One part of the world suffers from over production, while other sections starve from underproduction. Some folks have too much money, more than is good for them, while many others are restricted to a mere existence. Truly this is an unbalanced world; no one seems to have a solution of the problem.

Whether or not Canyon will receive a new postoffice building will be determined soon by an inspector. The claims of Canyon for a new building are being compiled by local officials who believe that the increasing business will justify the government in erecting the building here.

Local interest is increasing as to the needs of a hospital. Canyon could use a small hospital to good advantage.

Second of a Series of Statements on the New "Ultimate" Rate for Residential Service

The chart illustrates clearly typical examples of the additional electric service to which any home is entitled under the application of the "ultimate" rate. You will note that the increased service available at no increased cost ranges from 48 per cent to in some cases over 100 per cent additional. The only requirement is that you use as much or more (but not less than 20 kilowatt-hours) than you did for the corresponding month of 1934. Should you use in excess of the additional current allowed, the "ultimate" rate provides an exceedingly low cost per kilowatt-hour. A record of your 1934 consumption and the benefits you will receive may be obtained at our local office.

One dust storm after another; sun scarcely seen these days.

Freezing cold morning of the 7th inst. We feel anxious about the fruit prospect. Seems to be all right up to the present, however.

After Sunday School last Sunday, led by Mrs. Edith Harrell, we had services by Rev. S. E. Eldridge of Assembly of God Church of Amarillo. He was assisted by Miss Jewel Carver and Miss Anne Jameson, all from Amarillo. Services in the afternoon by the same at 3 p. m. They left appointment for first Sunday in May.

Joyce Lane went to Amarillo Sunday to begin work with the Wearever Aluminum Company.

W. R. Stockett and wife returned from their trip to the Pacific coast last Friday.

A full house greeted the Valley Farm play here Friday night. Was well rendered and greatly enjoyed. They propose to take the play to other communities, possibly to Red Hill one night this week.

Miss Aline McGehee and friend, Miss Lumpkin, spent the week end at Wayside. All went to Amarillo Saturday. The ladies returning to Salem Sunday morning to Sunday School.

Trustee election Saturday at Wayside, put over by John Patterson, Melton McGehee and Billy Washburn, result Jack Foster was elected as trustee.

Forty-eight people gathered at the home of John T. McGehee last Sunday to celebrate the anniversary of the marriage of John and J. T. McGehee and Bill Stockett and their wives. Amarillo, Canyon and Hale Center were represented. An abundant and sumptuous dinner was spread in the dining room to which the crowd did ample justice. Mrs. Elizabeth Inman and daughter, also Mrs. Lowe McGehee added enjoyment to the occasion with music on the guitar, and singing. "Mother of Mine," and "That Gray-headed Daddy of Mine" was rendered, while the crowd was assembled at the table.

Quite a number from Wayside attended the funeral services and burial of Mrs. Josie Mayo Saturday afternoon at Goodnight. She lived here years ago and is well remembered by all the old timers. Has visited Wayside a number of times since moving away. Her friends were numbered by hundreds all over the Plains country.

Shall Dreams Come True?

They CAN!

Every great business is the culmination of a dream, for without visionary thinking there can be no achievement. Every small and growing business is a dream in the process of fulfillment. But wishful thinking is powerless alone. Commercial financing requires a knowledge of realizaties if pitfalls are to be avoided.

At such a time the services of a large reliable bank are of utmost value. And in choosing a banking connection the wise business man always decides in the light of a bank's record of service.

District Field Meet To Be Held Here This Week

Track and field athletes from the twelve counties in District one converge at West Texas State Teachers College Saturday as West Texas resumes the role of host to the district meet as well as the regional.

For the past two years the district meet has been held at Amarillo, but due to lack of proper facilities at Amarillo, coaches urged the return to the Buffalo track.

Golf, tennis, and literary events will be held in Amarillo. Armstrong, Dallam, Deaf Smith, Oldham, Randall, Potter, Parmer, Castro, Hartley, Sherman, and Moore are the counties who will be represented in the meet Saturday.

Coach Nichlaus of Amarillo College has charge of the meet, and athletes from Amarillo Junior College, and West Texas State Teachers College will aid Coach Nicklaus in his running off of the meet.

Preliminaries will begin at 9:30 Saturday morning, with finals scheduled to begin at 2:00 that afternoon. Winners in the district meet will be eligible to compete in the regional meet held here next week, and winners in the regional will be eligible for the State contests.

Racquet Men Are Good Prospects

"One of the best prospective teams that I have ever had" were the words Coach W. E. Lockhart used when answering inquiries about the 1935 racquet swingers of W. T.

Coach Lockhart will build his tennis team around a couple of dandy players, namely: Clarence Wooten and Charles Donnell, and with the addition of several newcomers, the prospects for a bright season grows brighter and brighter every day. Four freshmen boys, Buster Smalley, Marion Heald, Riley, and Coleman, will make their bid along with the varsity men, and, according to information received, this quartet is the best first year squad that "ye loving fans" have had the privilege to gaze upon in many a blue moon.

It is certain that these boys are no Tildens, Vineses, or Allisons, but there was a time when the above mentioned players were nothing to write the folks back home about, and Coach Lockhart only asks that you give credit where credit is due, because he believes that these Buffalo racqueteers will be "plenty ready" to represent W. T. in almost any kind of a tennis fracas.

The teams will see action in the Great Plains Meet which will be held here this spring. The Red Riders of Tech will get a crack at the locals, as will N. M. M. I. and Panhandle Aggies.

Students Train For Life Saving Test To Be Soon

The swimming pool of the college is again the scene of varied activities as the college boys and girls who aspire to be life savers go through the various required activities.

Two college girls, Phyllis Holgate and Helen Gill are reviewing the life saving course under the direction of Walter Hausknect. They passed the tests last year, but are required to review each year before continuing the work. Jimmie Holston, Wayne Miles, and Ashley Little are college boys who have passed the course and are reviewing, also. Theodore Martin, Shamrock, who is not in school, will be over to review with this group during the next month. Fifteen other boys are up for examination.

The groups are working on endurance, technique, and ease, and will continue this work until the middle of next week when heavy work will begin.

A new spring board has been installed.

MRS. J. E. PETERS HAS SUNNY HILL CLUB

"The proper length for skirts this year is from 10 to 12 inches from the floor," said Miss Sadie Kate Bass, Home Agent, at a meeting of the Sunny Hill Club women at the home of Mrs. J. E. Peters.

A very interesting discussion on "What is New in Clothing" was given; stressing the point of straight skirt lines with fullness below the knee; the shirt waist vogue for street as well as evening dress; and the best colors for spring.

Refreshments were served to Mrs. W. M. Lehnick and Mrs. Ellis Knox, visitors; and Miss Bass, Miss Lois Moreman, Mrs. Otto Lehnick, Mrs. Lelia Castleberry, Mrs. Henry Ratjen, Mrs. Carroll Bray, Mrs. S. L. Robinson, Mrs. Lola Carter, Mrs. R. B. Gist, Mrs. Wheeler Knox, Mrs. A. E. Wise, Mrs. Lee Jennings and Mrs. Joe Russell.

A covered dish luncheon will be given at the home of Mrs. Jim Knox on April 16, where a White King demonstration will be given in addition to the scheduled program.

EASTER MUSIC SUNDAY NIGHT AT PRESBYTERIAN CHURCH

The Choir of the Presbyterian Church, under the direction of Miss Pauline Brigham with Mrs. Lee Foster at the organ, will present a program of Easter music Sunday evening at 8 p. m. The program follows:

"Let Not Your Heart Be Troubled," by Eyer—Mr. and Mrs. F. B. Cooper.

"Bells of Easter Morn," by Chaffin—Men's Chorus.

"Hold Thou My Hand"—Miss Nelle McNeilly.

Three numbers to be rendered by the choir are "He Is Risen" by Gladsby; "Open Our Eyes" by McFarlane; and "Christ the Lord is Risen Today" by Ambrose.

Everyone is invited to enjoy this program. Come on time.

SKIRT LENGTHS DISCUSSED AT CENTERVIEW H. D. CLUB

"Length of 1935 skirts should be from 10 to 12 and sometimes 14 inches from the floor," says Miss Sadie Kate Bass, at a meeting of the Centerview Club with Mrs. C. M. Wilson, Friday, April 5.

Length depends on age and size of person. The fullness of skirt should be below knees.

A White King demonstration was planned in place of a social this month.

The visitors were: Mrs. H. H. Sutton, Mrs. Charlie Odom, Mrs. Lester Bryan, Mrs. Harry Folk, Miss Othell Wesley, Mrs. Floyd Adams and Mrs. Travis Gillham.

Members were: Mrs. G. E. Wesley, Miss Inez Wesley, Mrs. C. M. Rogers, Mrs. C. M. Wilson, Mrs. Albert Legate, Mrs. J. W. Wesley, Mrs. S. F. Sharpes, Mrs. E. W. Schaeffer, Mrs. R. F. Washburn, Mrs. Serena Bryan, and Mrs. E. W. Miller.

Our next meeting will be with Mrs. J. W. Wesley, April 18.

STYLE SHOW SPONSORED BY H. D. COUNCIL WOMEN

Through the co-operation of the Randall County Home Demonstration Council, Miss Nancy Williams of Amarillo put on a demonstration of the White King Soap products Saturday afternoon in the Methodist Church in connection with a style show sponsored by the Council.

The White King Soap Company presented the Council with one box of granulated White King and 2 bars of toilet soap for every person present at the demonstration. Proceeds from the sale of these articles was $14.00.

The dresses modeled in the style show were lovely cotton frocks showing both pastels and dark colors from The Peoples Store and the Co-Ed Fashion Shoppe.

Refreshments of coffee and cakes were served the 56 guests through the courtesy of Green's Grocery and the Waples Platter Grocery Company.

The Council wishes to express its appreciation to the Methodist Church and others who made this program successful.

Joe Hill, Jr., May Continue Life As Polar Explorer

Joe Hill, Jr., who is now somewhere on the Pacific en route home from the South Pole, may decide to devote his life to exploring in the polar regions.

Hill who is not yet 22 years old writes his parents, Mr. and Mrs. J. A. Hill of Canyon, that along with his eagerness to get home he feels a great regret in leaving the snowy spaces of Little America. Many young men who have begun work in the extreme northern or southern parts of the earth have continued to become world known explorers and it is thought by his friends that Joe Hill's adventurous spirit may lead him to the same career.

Roosevelt Given 2 Years to Spend Huge Relief Fund

Chief provisions of the Roosevelt work relief program approved by Congress Friday follow:

President Roosevelt is given almost unrestricted authority to $4,880,000,000 (billions) by June 30, 1937, to provide relief, work relief and to increase employment by providing for useful projects.

Of the 880,000,000 transferred from unexpected balances of the RFC and other agencies to the relief administration, $300,000,000 will be returned to the PWA and various departments that loaned funds to finance relief pending approval of the measure.

Under the $4,000,000,000 (billions) fund, allocations are made to eight divisions of projects, with authority for the President to shift 20 per cent of the $800,000,000 to various projects under a flexible provision.

$600,000,000 for CCC

Allocations earmarked are:

Highways, roads, streets and grade crossings, $800,000,000.

Rural rehabilitation and relief in stricken agricultural areas, and water conservation, transmountain water division and reclamation, $500,000,000.

Rural electrification, $100,000,000.

Housing, $450,000,000.

Assistance for eduactional, professional and clerical persons, $300,000,000.

Civilian conservation corps, $600,000,000.

Loans and grants for non-Federal projects, $900,000,000.

Sanitation, prevention of soil erosion, reforestration, foresration, flood control, rivers and harbors, and miscellaneous projects, $350,000,000.

AAA Included

The public works administration and the CCC are continued for two years each, with the relief administration extended for one year.

The President is authorized for one year to use in his discretion the fund in administering the agriculture adjustment act.

Loans to finance purchase of farm lands by farmers, share-croppers, tenants and farm laborers are authorized.

Payment of prevailing wages on permanent Federal buildings is required but the proposed $50 a month security wage may be paid relief workers on other projects.

Mrs. H. W. Hartman, Mr. and Mrs. K. A. Britt and Mr. and Mrs. Hugh Shotwell of Perryton are visiting relatives at Nacogdoches. They plan to return about the first of next week.

Mrs. F. A. Thomas and son, F. A. Jr., left Tuesday for Coalgate, Oklahoma, for an extended visit with her mother.

Ray Robbins of Olton spent the week end here with his mother, Mrs. Earl Robbins.

SPORT SPECIALS

It will probably be a long time before Coach Al Baggett can find some one to fill the football shoes of Captain John Walker who graduates this year. Captain-elect John Rankin of Miami will do his part, but he doesn't have a chance with the size thirteen shoes of Walker.

The Buffaloes should be able to put a team with a fighting spirit on the field next year. Thirteen of the 37 men in spring training were on the varsity boxing or wrestling squads this year.

Wyatt Batson and Oscar Hinger from Endee, New Mexico, and George Caviness of Causey, New Mexico, are the only out of state boys on the Buff football squad.

Childress leads the towns in the number of men on the Buffaloes football squad with five men. Turkey follows with four men and Floydada is next with three.

Frank Van Noy and John Lee are the only Amarillo boys on the Buff football squad. However, Stina Cain, Clinton Meek, and Toby Waggoner have all attended Amarillo College.

Wyatt Batson, 280 pound tackle from Endee, N. M., is the heaviest man on the football squad, and Ray Cox and Ed Miller, 155 pound backs from Vernon, are the lightest men on the squad.

Eleven lettermen, two squadmen, and twenty-four freshmen compose the Buffalo football squad for 1935. The freshmen have set a new high as to the number of their men who have proved their worth through a football season.

Joe Stribling, one-armed guard from Childress, on the Buffalo football squad is holding his own, although he makes some three point landings.

Football outlook at W. T. for the next few years is rosy. There will not be a senior on the ball club next year. Every man has at least two more years of elegibility, and a host of freshmen are coming every year.

Wyatt Batson, Lawrence Clark, Burnie Davis, Jack Jennings, and R. M. Thompson are following in the footsteps of brothers who have been West Texas stars before them.

Pen Women Meeting Observes 15th Annual Gathering

Women writers of the entire Panhandle will have an opportunity to participate in a gala occasion on Tuesday, April 16, when the Panhandle Pen Women's society will celebrate its fifteenth birthday with an all-day program in the Parish House of St. Andrew's Episcopal church, Ninth Avenue and Fillmore Street, Amarillo. The opening session will start promptly at 10 o'clock.

Featuring the occasion will be the "home coming" luncheon at 12 o'clock and everyone planning to attend is asked to write Mrs. W. K. Chandler, 1815 Taylor Street, Amarillo, as early as possible and make reservations. Out-of-town writers will be special guests, the local group acting as hostess. Reservations should be accompanied with a brief statement of articles sold during the past 15 years, also any information possible of marriages, births, etc., of members who perhaps have not been attending the annual meetings.

It will be 15 years on that date that a small group met at the Amarillo Hotel in response to an invitation from Miss Laura V. Hamner, whose long cherished dream was to organize the writers of the Panhandle into a co-operative society. Many were all ready selling and numbers were trying.

Solon Has Own 'Farm Relief'

When excessive Washington rents got his goat, Representative Usher L. Burdick of North Dakota began to raise some. Operating a 140-acre farm near Brandywine, Md., which he finds a refreshing relaxation from his legislative duties, Representative Burdick arises at dawn, does his chores, then commutes to the capital to represent the folks back home. He is shown milking one of his herd of goats.

MAVERICK CLUB

NUMBER TWO
Canyon, Texas
By Pat Noser

We were unable to make much of a representation in the pet parade in Amarillo Monday because we could not find our pets.

After the sand storm Saturday and Sunday our pets had dug in, been covered up er sumpin, and hadn't come out. We had all kinds of dogs and cats, chickens, overgrown jackrabbits, better known as donkeys, a coyote, some doves, a monkey, and one boy had a buzzard that got away. Sounds like a fish story.

After the sand had covered everything up, the only thing that we could see was some jackrabbits, and we needed some snow shoes to get over the sand dunes while the rabbits didn't seem to be a bit bothered.

We got some shovels and started prospecting for the animals, with dismal and sometimes surprising luck. One boy saw some hair sticking out of a sand pile and started digging, thinking that he had found his pet dog.

After he had been digging a while, the pile of sand gave a snort and up jumped Charles I, the Buffalo mascot of the school. The boy had to run for his life, but Charles had stirred up so much dust that he couldn't see and the boy got away.

Wednesday at the regular meeting just before we went swimming, the club was divided into two parties the Citizens Party and the Independent Party.

Each party will choose their candidates for the offices of president, vice president, secretary, treasurer, and chief of police, and this week a torrid political campaign is getting under way. April 17th has been designated as election day.

A few more days in the swimming pool under the direction of Bill Allen and Jimmie Holston and we will have some regular champions. We still have in mind our water carnival, coming pretty soon.

Tuesday night another bunch of us went out to the CCC camp for our weekly card with the Amarillo Maverick Club. We won one boxing match, lost one match and drew all the others. That seems to be the weekly program, but each time a different bunch goes to see the canyon and participate on the program, so it never gets monotonous.

In the wrestling our boys had the advantage all the way in nearly all the matches, but haven't had enough experience with pinning holds yet. Matlock sure took Chief of Police Jimmie Taylor of the Amarillo Club for a ride. Jimmie couldn't turn loose, though he tried with all his might.

We understood that the Amarillo Club had accepted our challenge for some races in the Great Plains Meet of Coach Al Baggett at the College on April 27, but in spite of their many words, we have never heard any more about it or received any of their entries. If they can get down here where there won't be any doubt about the decision, there will be four fifty yard dashes for 9 year old groups, 12 years, 14 years, and 17 year olds. No track shoes will be used, but contestants have their choice of running barefooted, with street shoes, or with tennis shoes.

Mrs. L. B. Rogers left this week for Wichita Falls where she will visit with relatives and friends.

Miss Sadie Kate Bass spent the week end in Pampa with Miss Ruby Adams.

Pioneer Dugout Is Part Equipment In Hemphill Project

Wayne Miles of Dalhart has turned pioneer. He has made for himself a ten by ten dugout in Hemphill County and there he is living. While he was constructing the dugout he stored his meagre furniture and supplies in an abandoned ranch house nearby.

Wayne isn't a hermit. He is carrying on an excavation project for the Archaeology Department of W. T. and the dugout will become a permanent field camp for the department. His work is being supervised by Professor C. Stuart Johnston, head of the department.

Palo Duro Peeps

Trustees elected Saturday for the Palo Duro school were W. G. Rose and W. T. Oliver.

Mr. and Mrs. Carl Schroeder and son were visitors in the Henry Miller home Sunday evening.

Mrs. Walter Boehning will entertain the Palo Duro Club Friday afternoon.

Miss Elsie Bauer of Happy spent the week end in the home of Mr. and Mrs. Henry Miller.

The Messrs. von Seggern of California were dinner guests in the home of Mr. and Mrs. E. H. Albers, Sunday.

Supper guests in the Herman Kuhlman home Sunday night were: Mr. and Mrs. G. H. Leseberg, Sr., Mr. and Mrs. G. H. Leseberg, Jr., Mr. and Mrs. Raymond Tucek, Mrs. Joe Tucek and family, Mr. and Mrs. Fred Schuette and family, Mr. and Mrs. Okke Okkenga, Mr. and Mrs. C. W. Bauer and family, and Mrs. Ida Rogge and family.

Mrs. S. B. Loudder left Tuesday night for a week's visit with relatives in Lubbock, Dallas and Fort Worth.

NOTICE OF SHERIFF'S SALE

Spring Brings Flowers

In spring, what is more appropriate for street wear than this paisley-like print in navy, light blue, white and scarlet? Detachable shoulder scarf in smoke gray fox, Napoleonic hat of navy blue straw, and gray shoes with buckled straps have a subduing effect which lends dignity and charm to this attractive ensemble.

Now that heart-balm suits are being prohibited in more and more states, less girls will bid their suitors farewell by saying "I'll be suing you."

Listening to those congressional speeches in Washington comes under the head of capitol punishment.

Fossil Quary In Donley Yields a Fine Collection

A Donley County fossil quarry which has attracted scientists from the American Museum, and Yale and California University is now being developed by W. T. for the Panhandle-Plains Historical Museum.

Ten men are working in the rich bone-yard under the supervision of Will Chamberlain, an amateur paleontologist of Clarendon.

Professor C. Stuart Johnston planned the project says that the largest collection of Donley County material that there is, is now housed in this Texas Museum. Mr. Johnston added: "These valuable specimens have been secured almost without cost to the state and the work of excavating them has provided employment where it was badly needed."

SENIORS SPONSOR ANNUAL STUNT NIGHT TOMORROW

It seems to me like Cupid has been hanging around an awful lot this spring. Even Dodo Brasuel and Kate Donnell have "got it." Yvonne Thomas has a new feather in her cap, too. She and Jackie Moore went to church together last Sunday night. Wonder what Glenna B. has to say about that.

Lorene Bessire stepped out with a lad Sunday night also. I asked her who he was and she said, "Oh, just a friend of the family."

At the Junior box supper Cupid's couples got a little mixed up. I don't know where Jack Neil was, but Sewel got Ruby's box. Jack Taylor seemed very happy over the fact that he got Miss Goodrich's box.

Have you noticed Fat's and Leslie's new hair, somebody really fixed them up. I think it musta been Sis Overton. I noticed Irene and Mary May stepped out with them Sunday night, so I guess they sorta liked their hair.

By the way, do all of you remember Trixie Jackson who went to school down here last year? Well, she's back here for a little visit.

There seems to be quite a bit of gossip about this Stunt Nite tomorrow night. Why I wouldn't miss it for nothing. There's going to be a coronation and them's my favorite flowers and lots of gals are going to be hopping around on the stage like they was loco.

IS PING PONG TABLE FOR ALL OR PRIVILEGED FEW

"I have the winners of this game"—"No you don't either, I do"—"Well, I don't care what you say, I'm going to play the winners of the next game"—.

Unfortunately, this is a sample of the heated discussions that can be heard around the ping pong table in the girls' locker room.

A few people who seem incapable of displaying good sportsmanship make it unpleasant for the rest of the students, who have just as much right to play, by monopolizing the table.

It is certainly to be regretted that some girls cannot overcome their selfishness and inconsiderateness enough to realize that the ping pong set and table was bought for the benefit and pleasure of all of the girls in high school and not just a privileged few!

JUST FIVE MORE WEEKS

Just five more weeks!

Over two thirds of the last semester has slipped by. Had you realized it?

There are five weeks to raise those grades, and the same length of time to use profitably in classes and activities. For seniors, that is a very short time for them to climax their high school careers.

How are you going to use that time?

SEVENTH GRADE IS GIVEN HOBO PARTY

The seventh grades met at the home of Mrs. John Davis Saturday night at 7:30 for a hobo party.

The class members, dressed as hoboes, went to the following homes to ask for something to eat: M. Steen, R. A. Rogers, Alfred Bellah, Henry Cone, C. N. Harrison, and J. B. Pope, Jr.

They played games at the different homes, and the refreshments begged were sandwiches, chili, apples, bananas, pop-corn, and punch.

Canyon and Crane Are Winners Interscholastic League Press Conf.

The Eagles Tale and the Crane High School publication were named class C winners of the Northwest District of the Interscholastic League Press Conference according to an announcement received Saturday. This is the second honor The Eagles Tale has received this year, having won the state as a school page in the Texas High School Press Association at Belton.

Two papers are chosen from each district and class as winners, making the two members of the staff eligible to enter individual contests held in Austin at the meeting of the Conference May 3 and 4. These delegates are entitled to free lodging while in Austin and a railroad rebate. Members of the entire Eagles Tale staff plan to make the trip to Austin if possible.

The I. L. P. C. is an organization in the Interscholastic League which was created for the purpose of aiding editors and sponsors of high school newspapers by offering suggestions for the standardization of rules and principles and improvements for the publication.

The class A winners for the Northwest District are the Abilene Battery and The Austin Pioneer, of El Paso.

Extracts From The Exchange

The Abilene Battery printed a special April Fool's edition in green ink. An extract from it reads:

"An unusual treat, a man talked to the assembly yesterday.

The fellow's name was Blab. He certainly lived up to his name.

He blabbed for an hour—two hours—noon—still he blabbed—two o'clock—three o'clock—still he blabbed.

At midnight a hush settled over the audience. Everyone expected something to happen. Then as from no where the one who every one seemed to expect, appeared.

The sandman! But he was fooled for everyone had been sleeping since ten o'clock."

According to some students this would be appropriate several times during the year.

A girl who is not conceited, one who is willing to help someone else, and one who has a smile for all is the ideal girl.—Dalhart Hi Times.

High School Press Association Meets at Pampa April 27

The Panhandle High School Press Association which was organized by The Eagles Tale staff of last year, will meet at Pampa April 27.

The entire Eagles Tale staff plans to attend the convention.

Gilmore Nunn, managing editor of the Pampa Daily News, will give a trophy for the best all-around school paper. To become permanent property of the school it must be won three years in succession. Two other trophies will be given, one by Clyde W. Warwick, editor of the Canyon News, for the best editorial, and one by the Globe-News for the best news story.

Most of the program will be made up of student discussions; however Gilmore Nunn and Miss Louise Evans, a member of the News-Globe staff, will make talks at the luncheon, and Mr. Warwick will help present the trophies.

PIPKIN WILL GIVE THE COMMENCEMENT ADDRESS

Herman C. Pipkin, president of the Texas Bar Association and counsel of the Santa Fe railroad in Amarillo, will give the Commencement Address for the seniors. Rev. J. O. Quattlebaum, Methodist minister in Canyon, will give the commencement sermon.

The commencement sermon will be May 19, at the Methodist Church. Commencement exercises will be held in the Canyon High School auditorium, May 20.

CORRECTION

In the April 4 edition of The Eagles Tale, two names were omitted from the list of teachers that joined the Chamber of Commerce. They were Mrs. Isabelle Cousins and Miss Elva Fronabarger.

Rogers Speaks To Faculty, Guests on History Education

C. M. Rogers, Assistant Superintendent of the Amarillo Public Schools, was the principal speaker at the Faculty Study Club Thursday. Other speakers were Miss Jewel Foster, Canyon; Mrs. James Jennings, Palo Duro School; Miss Marie Fronabarger, Amarillo; and Miss Gladys McClannahan, Canyon.

Mr. Rogers gave a short review of the history of education. He gave several definitions of curriculum revision. He said that the scarcity of reading material, equipment and training of teachers is a handicap to the activity movement. "Education should be adapted to social standards," "Use observation rather than books," and "Display friendliness instead of fear," were quotations given by Mr. Rogers concerning the activity movement.

Miss McClannahan gave a review of "An Activity Program in Action" by Brusse—Ayres.

Miss Foster gave a review of the "National Society for the Study of Education" — Thirty-third Year Book.

Miss Fronabarger gave a review on the "Tentative Course of Study for the Core Curriculum of Virginia Secondary Schools."

Mrs. Jennings gave a brief brief sketch of the "California Year Book."

Senior Boys Will Play '36 Eagles in Grid Tilt Friday

The seniors and the '36 Eagles team are scheduled to play a regular game of football April 19, if none of the senior track boys place in the District Track Meet Friday and Saturday of this week.

Dope seems to be in favor of the next year's team since they have had six weeks training and the seniors will only have had one day to get their bunch together in suits.

The game will be the last workout for the next year's team.

Probable line-up for next year's team: ends, Hutton, Clounch; tackles, Harris, Bewley; guards, Avent, Wilkinson; center, Rusk; halves, Johnson, Lisle; fullback, Cox; quarter, Drummond.

Probable senior line-up: ends, Ellison, Childers; tackles, Johnson, Wooten; guards, Cayton, O'Donald; center, Black; halves, Solomon, Cone; fullback, Brooks; quarter, Lisle.

Sandies Win Meet; Ellison Wins Half

The Golden Sandstorm track team of Amarillo took honors at the invitation track meet held at Buffalo Track last Friday, with Hereford placing second.

Curtis Ellison of Canyon placed first in the 880 yard run and set the only first place for Canyon.

Wade Johnson and O. M. Solomon of Canyon won second in the 120 yard high hurdles and the discus throw, respectively. McKee of Canyon placed second in the mile run with Cox, also of Canyon, placing third in the shot put.

These three teams will be represented in the District Meet to be held here next Saturday.

PRESS CLUB SHOT BY BRITAIN'S STUDIO CAMERA

Monday afternoon at 3 o'clock the Press Club went to Britain's Studio to have their pictures retaken for the Special Edition of The Eagles Tale.

Thursday this club had their pictures made but they were not good.

The junior class had their pictures made Tuesday afternoon.

GUESS WHO

With a frown that is teasing,
And a smile that is pleasing,
He towers o'er the heads of them all.
His weight, if you've wondered,
Exceeds that of two hundred,
You can guess if you think of football.

Answer for last week's "Guess Who," Mr. C. M. Kiker.

Heroines, Screams, Hero, and Curses Make One-Act Play

In a bored monotone, the One-Act Play heroine curses, declares her violent love, and discusses the horrors of kidnapping to the One-Act Play hero who stands with his hands in his pockets, rattling his marbles, doing the pantomime of carrying in a doped, dying infant.

From over the footlight, an irate voice exasperatedly exclaims for the forty-fifth time, "Say, you're not living your part. See, you love that man, you'd do anything in the world for him, you're his slave, his dog. You've gotta feel it." "Yeah," the cast choruses angelically. And the procedure continues in a monotone punctured with remarks: "What do I do next?" "Now what do I say?" "Oh, I forgot!" and moans from the instructor.

Suddenly the cast wakes up; the love scene is next. Cautiously the actors clasp from a standing position three feet apart. The director cries: "Hold him tighter!" the actress: "Umph." Again: "Hold him tighter!" the actor: "Umph."

Then comes a lusty scream, the actress is choked, and the actor sobs out his grief to the chair. Then the cast makes a dash for the door. Practice is over!

Fourteen Students Born Under Aries

April seems to be quite a celebrated month in Canyon High School. Fourteen students were born under the Decans of Aries, which is the sign of April.

April 4, the first birthday on the list, is that of Polly Little.

Polly is aspiring and very ambitious. She should stay around those weaker than she. At any time she feels the sentiment of self-pity, she should relax completely. She gets along with men better than women.

Lorene Bessire, born April 5, has the ability to accomplish much, provided she doesn't allow matrimonial affairs to intrude with her work. Lorene is a very good organizer and will find the development of this talent a great aid in her life work.

Fairy Hill's birthday of April 8 is next on the list. Fairy will probably be the father of a prominent child. He should always gaze on the higher things of life. Fairy should avoid law suits if possible.

Scott Downing's birthday is also on April 8. Scott is very likely to be extravagant and he should choose one occupation and stay with it.

April 11 is Mary Jo Avent's birthday. Mary Jo will be very successful provided she can learn to harness her own self-indulgent tendencies. Mary Jo should develop her marked talent in art and music.

J. C. Bellah, who has his birthday April 12, will have one great success or failure in life. The key to this situation lies in his choosing his life's mate.

Jack Inman, born April 14, has executive ability. He should use this ability to his best advantage. Jack can learn much by studying the lives of the great and criticizing their errors.

Kenneth Cayton, born April 17, has a very large problem to work out. In Kenneth's married life there will probably be disagreement over who is the head of the family. Kenneth must avoid all hasty decisions.

Kate Donnell, born April 17, has only one obstacle to stand in the way of her success, that is her emotions. She must not kill them, but she must use them well.

Mickey Schmitz, born April 21, has only one thing of which to beware; that is, never have any personal scandal-making secrets.

Edgar Washburn, born on April 24, is very practical. He has a life of hard work ahead of him, but he will reap full reward for his work.

Ralph Rusk's birthday is April 28. Ralph has the ability to get along well with all classes of people. His success will lie in the use of this ability.

Beulah Brasuel and Joe Winstead born April 30, have quite the same personalities. They should broaden their field of friends.

In the Spring a Young Man's Fancy Turns— A Little Wild

Not spring fever—just the weather.

Said Mrs. Britain while posing the members of the Press Club: "Now look sweet." Margaret Croson's pained reply to that one was: "Wait a minute."

A certain young man (Lorenzo Wirt, by name) was evidently turning his fancy to other things than love when he added another specie to the animal kingdom. "Skeeter" remarked confidently that a muse was a queer looking animal that lives in the woods.

Even the innocent calendar calls forth a slanderous remark from Fred Hart. Said Fred for the enlightenment of the Spanish class: "A calendar is a doo-lolly that you put vegetables through, you know."

Second Year Home Economics Classes Have Style Show

The Second Year Home Economics Classes had their annual contest and style show April 5, during their class periods. The contest was based on the sewing and the general appearances of the dresses the students just finished making. Special invitations were sent to the mothers.

The first class had judges from the college who were Miss Irene Hurst and Miss Zona Beth Faulkner. The dresses were ranked in four groups: superior, very good, good, and average.

The first class dresses ranked as follows: superior: Fay Plaster and Yvonne Thomas; very good: Wilma Price, Jewel Chambers, and Ruth McCrerey; good: Rowena Lockwood, Chloie Hail, and Mildred Shuman; average, Thelma Bryant, Mary Collins, and Carolyn Mayfield.

The second class judged their own dresses on a point system. They ranked as follows: superior: Loretta Cole and Marielle Oldham; very good: Evelyn Cluck, Jean Slack, Ruby Guthrie, Mary Ella Davis, Florence Root, Mary Ellen Hurst, Mary Catherine Wirt, and Geraldine Heath; good: Mavis Harden, Betty Ruth Solomon, Lecy Mae Furlow, Beulah Brasuel, Billy Greenfield, and Wilma Cofer; average: Anna Mayo Sharp and Dell Bagley.

Tea and cookies were served to the guests.

Sixth Grade Visit Warwick Printing Company Thurs.

Last Thursday, the sixth grade reading class of the Canyon Grade School visited the Warwick Printing Company to see the press in action.

Groups gathered around the linotype, printing, and paper folding machines. No sooner would a child's questions be answered at one machine, until he would dart over to another.

The linotype and printing machines seemed to be the greatest mystery to the children.

For about fifteen minutes, there was a very lively "amateur printing business" being carried on in the press room. Members of the class printed parts of The Canyon News on scraps of paper by pressing the paper on the inked type. Their fun ended at 1:45 when they reluctantly started back to the grade school.

Juniors Construct Croquet Grounds

The junior boys began work Friday on the double croquet grounds, their special project.

The grounds will be of regulation size upon an oil turf and are to be located north of the high school building; both boys and girls will be free to play.

Croquet sets will be furnished by the school. The project will be completed by the first of next week.

CLASSES HAVE BOX SUPPER

Two classes have had box suppers to raise money for support of their queens.

The junior class had a box supper Friday night, in the high school gymnasium. Jack Taylor was the auctioneer.

The sophomore class had a box supper Tuesday night at the high school. Ralph Rusk and O'Dell Miller were auctioneers.

SENIOR PLAY CAST CHOSEN FRIDAY NIGHT

WORK BEGINS MONDAY NIGHT WHEN CAST MEETS FOR REHEARSAL

Seniors that were seeking parts in the senior play, "Balmy Days," tried out for the different parts last Friday night.

The play, "Balmy Days" is about a family that lost all their money and was forced to move to a lumber camp where they lived in an old bunk house.

The following cast was chosen:

Grandma Gates Winnie Dee Hicks
Phyllis Gates Thelma Bryant
Peter Gates Hampton Lisle
Millicent Gates Jewel Chambers
Jack Caston Kenneth Cayton
Gerald Barker Bill Cone
Theodore Wallace Jack Pitts
Margery Perry Mary May Harrison
Ogelthorpe Wilston Jack Oldham
Mrs. Wilston Rubye Foster
Letitia Wilston Lorene Bessire
Jane Sowerby Margaret Nicholas
Michael Harley Chris Wooten
Enna Johnson Helen Bowman
Sybil Hernander Irene Thompson
Two Policemen Edd Brooks and Lawrence Fulton.

At their first rehearsal last Monday the cast was given pointers that will help throughout play practice.

Press Club Visits Amarillo Business Firms Sat., April 6

By Winnie Dee Hicks

When we arrived in Amarillo after an extraordinarily dusty trip, we went directly to McCormick Engraving Company. Mr. McCormick took us through his plant, showing us his various departments. He explained how ads are made and how photographs are reduced or enlarged in size, made into negatives, re-photographed on zinc plates, and finally made ready for the newspaper. He also showed us how objects were removed from view in pictures. Mr. McCormick gave each one of us a set of scenic cards of Amarillo and the Palo Duro Park. Many thanks!

Visit Russell's

Russell Stationery Company was our next stop. Here, Mr. Russell took us through his Photography Department which was very similar to that of the McCormick Company. He explained his new plant and theory which eliminates much of the hand work of photographic engraving. We also saw his new automatic press in action. We left, with booklets of the Palo Duro Park in our hands, and maps of Kendall's expedition through the Palo Duro Canyon and surrounding territory in search of the Red River. These maps Mr. Russell is making from the original, made in England by the London Press in 1841.

News-Globe Is Interesting

The News-Globe offices proved to be interesting to all of us. We saw and talked with Old Tack, were taken through the offices by Gene Elo, saw Jerry Malin, both ex-students of W. T. S. T. C., and then watched the staff members writing articles, working on make-up, headlines and rewrite work. One thing especially interesting in the circulation department was the way the funny papers were inserted into the regular Sunday edition.

Treats—Home

We went through the Borden's Creamery whose main attraction proved to be the elevator, which we were allowed to run by ourselves, and the process of making dried buttermilk. Another attraction was the Frostick which was given to each of us as we left. Again, we say thanks!

Miss Lois Goodrich then treated each of us at the Double Dip, and again—many, many thanks!

McBRIDE ENTERTAINS WITH PARTY

Gladys McBride entertained a group of friends with a party at her home last Friday night.

Games and dancing provided the evening's entertainment.

FIVE STUNTS TO BE GIVEN ON PROGRAM

Coronation Of King And Queen To Be Held

INTEREST HIGH

Classes Work Earnestly To Raise Money

Tomorrow night at 8 o'clock, the annual stunt night and coronation of high school king and queen will be held in the Canyon High School auditorium.

Five stunts will be given. The Home Economics Club will give a skit, "In the Park With Moonlight." There will be wrestling and boxing put on by the Canyon High School Negroes. A musical-dancing revue of six choruses will be put on by the Pep Squad girls. Other stunts will be given by the Press Club and Sophomore English class.

Misses Grace Clark and Jewel Foster have charge of the coronation ceremony of the king and queen. Candidates for the king and queen are: freshmen, Jackie Moore and Natalie Flesher; sophomores, John B. Pope III and Carolyn Mayfield; juniors, Jack Neil Jennings and Ruby Guthrie; and seniors, Curtis Ellison and Mary Jean Mickle.

The seniors have already begun training for the football game scheduled with the '35 Eagles squad, in the near future. And by the way, bets are already being wagered on the teams. Discussions pro and con have been held extensively.

Last Friday the A and B teams had a hard scrimmage, the A team winning with a large majority. The next year's team prospects showed up well. So far as I have heard there was some material that looked rather good that was here-to-fore undiscovered.

Well, the track team went into action against some of its district competition last Friday afternoon, but was beaten rather badly by both Hereford and Amarillo. Curtis Ellison is going to make a real half miler; you should have seen that boy break the tape. The relay team showed to have, enough to beat what Hereford had, but not what Amarillo had. Here's hoping for some good luck in the district meet Friday and Saturday.

The seniors vs. the '35 Eagles game will be played Friday afternoon, April 19; everyone is invited to come and see the seniors in uniform for the last time in their high school days.

Canyon Debaters Win Over Bovina

The Canyon Debaters met Bovina last Thursday night. This is the final practice debate before the district meet at Amarillo, Saturday, April 13.

The Canyon boys had the affirmative side and the girls had the negative. Both teams won their debates.

The debaters will have some stiff competition. They will meet the Amarillo teams who won the invitation tournament in Amarillo early this year.

Ogden Stroud, an ex-debater of Canyon High, made the trip with the speakers. Mr. Pope was not able to make the trip.

COUSINS TAKES 4B CLASS TO MUSEUM

Mrs. Isabelle Cousins' 4B class made a trip to the museum Tuesday, April 2. The members were taken to the museum at 2:30 p. m. in a school bus.

The trip was made to study all of the furniture, tools, cooking utensils, and clothes used by the pioneers, and to help the students in their new unit of work on pioneer life.

Mrs. Cousins said that she believed the trip was one of the most interesting and beneficial trips made this year.

Highland News

Although the dust raged Saturday night, quite a number came out to see "What's in a Name" given by members of the Highland community. After the program everyone enjoyed the box supper.

All's Beautiful Along Potomac

In the spring a public's fancy lightly turns to thoughts of cherry blossom time in Washington. And the reason is evident in this scene, heightened by the beauty of the Japanese foliage lining the Potomac river bank. The Washington monument rises in the background.

Modern Cooking . . .

The *New Waldorf* sets the pace with the most important advances in Electric Range development. You'll find solid, sturdy construction without forfeiting light weight. Beautiful, utilitarian door handles. The chromium element rings lend sparkle to the appearance, as well as provide for ease of cleaning. Heavily enameled convenience drawers roll easily and silently forward until stopped by the lock slide.

Broiling equipment is provided with an advanced type smokeless broiler assuring the certainty of delicately crusted meats. High-speed surface elements make the range one of the fastest boiling elements ever produced. Think of this—on "medium" heat, only the two outside coils are hot, giving even heat distribution (eliminating customary hot center) when using a large skillet or griddle.

Waldorf places the convenience outlet adjacent to the work-table space where it really is a "convenience." Shake-proof terminal connections or elements eliminate the annoying service problem caused by these important terminals becoming loosened by vibration. Waldorf's self-closing oven door has the feeling of a piece of precision equipment. It comes to rest in the open position with an easy, cushion-like movement. In closing, it moves forward almost automatically after being raised to the half-way position.

During the month of *April only* the New Waldorf is being offered at a marvelously low figure.

Prices Range from

$74.50 *to* $99.50

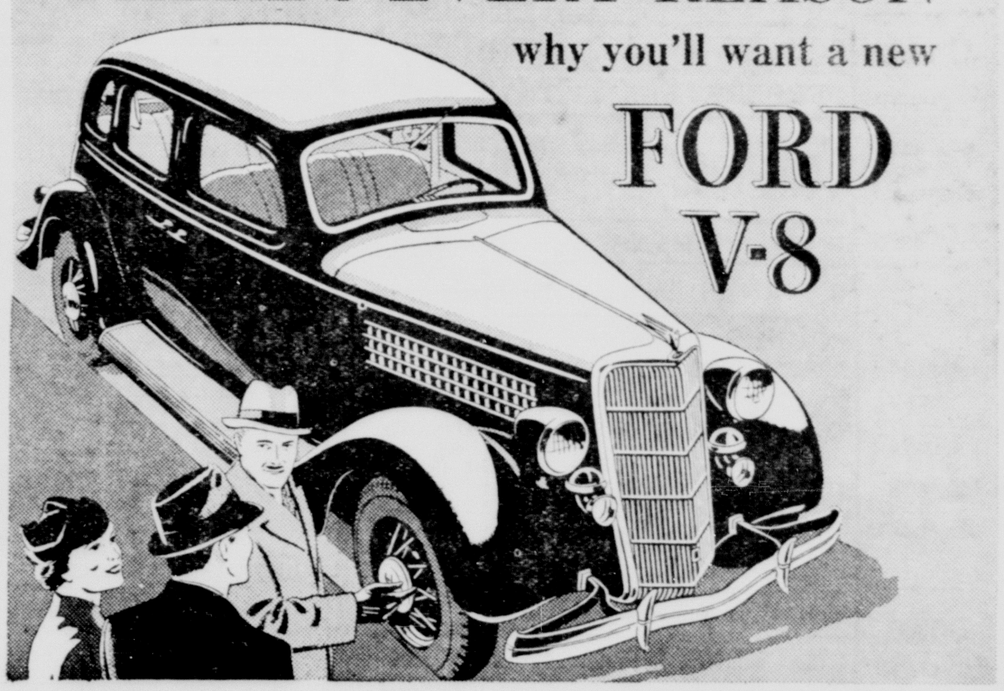

On convenient terms (slightly higher) as low as $2.90 per month. Prices include range installed in your home. Your old range, regardless of its type, age or condition, will be accepted as a liberal down payment.

FORD V-8

● POWER

The Ford V-8 engine has proved its superiority beyond question. It assures you of *reserve* power, instantly. At 50 to 60 miles per hour this engine is actually running at ease. The Ford is the only car under $2000 that gives you V-8 performance.

● SAFETY

The new Ford V-8 gives you a welded, one-piece, all-steel body. Safety glass all around in all models *at no extra cost.* New safety-pressure brakes. Transverse springs, lower center of gravity and air-balloon tires give greater safety on curves.

● ROOMINESS

It's longer, wider and roomier. Seat-widths are increased from 1½ to 5½ inches. There is ample leg room front and rear. The new angular gear-shift lever permits three to sit in the front seat with comfort. Luggage space in all closed models.

● COMFORT

"Front Seat Comfort" for back seat passengers—that's the result of the new "Full-floating Springbase" with "Comfort Zone Seating." All seats are now cradled *between* the springs, and *every passenger rides in the "Comfort Zone."*

● BEAUTY

Outside and inside the new Ford V-8 strikes a new note in modernity and beauty. Gracefully streamlined body—with a choice of attractive body colors in durable baked enamel. Newly designed, luxurious interiors, with quality upholstery.

● ECONOMY

The new Ford V-8 costs less to operate than any Ford ever built.

Duflot Talks on Child Delinquency at Rotary Luncheon

J. L. Duflot spoke interestingly Tuesday at the Rotary Club luncheon on child delinquency. He was introduced by Bill Warren, chairman of the vocational service committee.

The speaker used cases which have been investigated to show the causes of child delinquency, and offered suggestions that might prove helpful in decreasing the number of cases. For the past century the schools have been interested alone in developing the intellectual side of the child. They now have discovered the necessity of developing the emotional life. It is a more difficult problem, as it arises from the conflicts of life. The associations of life are based more upon the emotions than upon the usually accepted basis of intellect.

Type of children were presented which lead to delinquency. The satisfaction of exaggerated love of the parent for the child, which leads to the spoiled child. It is the result of unsatisfactory marriage. Another type is the satisfaction of parental ideals, in which one parent attempts to educate the child along lines for which he is not adapted. Another type is the dominating negative parent, who continually points out to the child the anti-social acts of men rather than the positive acts.

In the absence of President Bob Jarrett, Doug Shirley presided. A nominating committee composed of George Foster, Bob Neblett, Clyde Warwick, Levi Cole and Charles Dickey was named to present a list of officers for the coming year.

Birthdays were recognized of the following members: George Foster, Levi Cole and Harry Brown.

Visitors present were: Arthur Osgood, Rue Parcells, W. W. Kelly, Ed Brome of Amarillo; Rev. J. O. Quattlebaum of Canyon.

ery, or for the payment of debts or taxes.

Loans will be made only to applicants who are co-operating with the Production Control Program of the Agricultural Adjustment Administration.

As in the past, the security for an emergency crop or feed loan will consist of a first lien on the crop financed or on the livestock to be fed. A tenant must also give a first lien by getting the landowner to waive his claim in favor of the crop lien; but the landowner is in no way obligated for repayment of his tenant's loan.

Checks in payment of approved loans will be issued by the Regional Emergency Crop and Feed Loan Office at Dallas, Texas; and not by the field supervisor or the loan committee.

BAPTIST CHURCH IN THANKS FOR ASSISTANCE

At the morning services of the Baptist Church last Sunday a resolution was passed by the congregation expressing the thanks of the local church for the assistance given by the citizens of Canyon for the convention held here last week. Those mentioned in the resolution were The News for the publicity and printed programs, the filling stations, restaurants and drug stores who contributed to the cost of the programs, and the citizens who opened their homes for the visitors.

Dr. and Mrs. R. A. Neblett are in Galveston this week, expecting to return tonight.

County Agent W. H. Upchurch has been confined to his home this week with the mumps.

Learning That All's (Donnybrook) Fair in the U. S. Grunt and Groan Game, Young Hibernian Proceeds to Go Places

BY PHILIP MARTIN

IT'S a well known fact that over the last quarter century, the Irish have yielded much of their dominance in the ring realm. Synthetic Celts tread the resin nowadays; Italians, Slavs, or others who believe an Irish name magnifies their fistic stature. Meanwhile, the real Micks, it seems, lean more to politics, where they can slap a back instead of a chin; or to the police game, where they can pound the pavement rather than an opponent's button.

On the other hand, Greeks, Russians, and Poles have always monopolized the wrestling game. But now an Irish lad has crashed the heave-and-grunt pastime, perhaps blazing the trail for other husky Hibernians.

Daniel Michael O'Mahoney is the name. Learning in his maiden efforts on this side of the pond that American wrestlers stop at little short of mayhem to pin down the other guy, Danno introduced his "Irish Whip," and began to go places.

Already such notables as Jim Browning, Gino Garibaldi, the Duseks, Ray Steele, and others have been slammed on their various vertebrae by the 22-year-old, 218-pound Irish giant.

And 'tis no great secret that Jeemy Londos may be seeing O'Mahoney's phiz on the same mat with him before long, at the rate Danno is going.

• • •

THIS boxing business is a queer game. A little more than a year ago, New York boxing solons told Jim Braddock, Jersey City heavyweight, that a proposed match between him and Walter Neusel was out of the question, because Neusel was too good for him. Later, by virtue of Braddock's sensational comeback and decisive victory over Art Lasky, the same Manhattan boxing fathers have designated Braddock No. 1 challenger for Baer's crown.

Left, ex-Queen Helen Wills Moody again courts success. Right, the "Irish Whip," as demonstrated by Daniel O'Mahoney, bottom right. Jim Braddock, heavyweight title challenger, is shown bottom left.

This would have put a large-sized crimp in the proposed Baer-Schmeling melee, had not Madison Square Garden declared it was ready to go out of the state to pit Baer against Der Schlager. It makes a dandy mix-up, anyway.

• • •

AFTER nearly two years in retirement because of poor physical condition, Helen Wills Moody has returned to the sport that brought her fame.

Her last appearance on the court was tragic. Facing Helen Jacobs in the finals of the 19th national women's singles in Forest Hills, N. Y., she was forced to default, due to a back injury. Accusations of poor sportsmanship for yielding Helen Jacobs a "hollow victory" didn't help, either.

Now she is in training for a comeback, seeking to annex the women's title for the eighth time and tie the record of Molla Mallory.

Buffs to Meet Matadors Friday In Track Meet

Sandstorms necessitated the postponing of last week's track meet between the West Texas Buffaloes and the Texas Tech Matadors in Canyon, but Friday morning Coach Baggett and fifteen Buffaloes go to Lubbock to try their luck at dodging the dust in the Hub City in a dual track and field meet with the Matadors.

Intercollegiate track has revived at W. T. after an interval of two years, and no tracksters of outstanding ability are enrolled in school.

A full track program with some good meets is planned in the future. This year the Buffs have already competed in the Texas Relays at Austin which proved to be one of the fastest meets in the nation. They have the meets with Texas Tech, the Great Plains Meet, and the Lone Star Conference Meet at Denton this year, and next year a program is tentatively arranged which calls for the Texas Relays, Fat Stock Show, Drake Relays, and Kansas Relays, as well as the Conference Meet, Great Plains Meet, and several dual meets.

Robert Black, Austin Cone, Curtis Clement, Jack Davis, George Caviness, Buster Leslie, Frank Van Noy, John Walker, Ray Debenport, Stina Cain, Clifton Meek, Ernest Tate, Willie Boedeker, John Lee, and Slats Middleton are the Buffaloes entered in the Lubbock track and field events.

Phillips Directs Program of Dairy Show at Plainview

Women as well as men will be interested in the Plainview Dairy Show, Educational Section, according to Frank R. Phillips, who was assigned the task of making the program by the Board of Directors of the Dairy Show. April 17 has been set apart as Woman's Day with Miss Mildred Horton of A. and M. College to direct its activities, and Mrs. Julia Keely, Home Demonstration Agent of Hale County to assist.

Improving the farm's dairy products will be the principal subject and K. M. Renner and S. C. Wilson will be among the principal speakers. An exhibit of home and commercial dairy products will be held in connection and prizes will be given.

Problems of the cotton farmer and soil erosion will be other features of the educational program with H. H. Finnell who is in charge of the Dalhart Soil Erosion Project, and C. A. Colb in charge of the AAA Cotton Reduction program as speakers.

Loud speaker equipment will be used in connection with the program. A social feature will be a banquet of all ex-students of Texas A. and M. College with T. O. Walton as speaker.

LAYMEN WILL HOLD BAPTIST CHURCH SERVICE

Next Sunday is laymen's day in the Baptist churches of Texas. All men of the church will occupy a section of the church, and the address will be delivered by a prominent layman of this section.

ATTENDED SINGING

A number of Randall county singers attended the singing convention for Carson county Sunday. Hutchinson county will hold its convention next Sunday at Borger.

Mrs. F. M. Faulkner and Mrs. Silas Hastings returned Monday from Booker where they have been visiting their daughters, Miss Elizabeth Faulkner and Miss Oressa Hastings, since Thursday.

Sheriff R. N. Barnett and Constable Shorty McCormick left Tuesday for Wichita Falls taking Nick Hollenstein to the hospital for treatment.

Mr. and Mrs. Farris Bass of Big Spring were week-end visitors in the John Fry home. Mrs. Bass will be remembered as Miss Dalma Fry.

Jackie's Some 'Kid,' eh, Charlie?

Who's that rough-looking man talking to our Charlie? Why . . . no, it can't be . . . Yessirree, it is! It's none other than Jackie Coogan, who made good with Charlie in that picture of long ago, "The Kid," a scene from which is shown below. And evidently Jackie's visit brought poignant memories to the famed waddling comedian.

Presbyterial To Hold Meeting at Local Church

The annual meeting of the Amarillo Presbyterial will be held in Canyon on Thursday and Friday of this week, April 11-12, the sessions to be held in the local Presbyterian Church.

The President, Mrs. E. H. Snyder, of Canadian, will preside. There will be delegates and visitors from nineteen churches in the Panhandle. Miss Mary Archibald, Snyodical Secretary for young people's work of Dallas, and Dr. R. Thomsen of Amarillo, member of the Board of National Missions, will be special guests at these meetings.

The sessions are open to the public and all who care to attend will receive a cordial welcome.

Judge and Mrs. Burney Slack left Tuesday for Temple where Mrs. Slack will receive medical treatment.

Mr. and Mrs. T. A. Landers of McLean visited LeRoy Landers here Monday.

Field Is Their Classroom

Beautiful scenes like the above are common nowadays in certain parts of California, as Santa Maria botany students study flowers in the open fields. These fair botanists hope their efforts will aid in the nation-wide move for conservation of wild flowers.
